PROFESSIONAL EXPERIENCE

Business Operations & Automation Specialist | Clarendon Ops & Digital Solutions | Contract | Remote
January 2026 – July 2026

- Designed and deployed Power Automate workflows automating client onboarding, task assignment, and internal approval processes, reducing manual administrative effort by 45%.
- Managed complex, multi-time-zone scheduling for C-suite clients; 50+ meetings booked monthly with zero conflicts using Calendly integrated with Outlook via Power Automate.
- Triage executive inboxes for 3 senior leaders, reducing email backlog by 40% and maintaining a 24-hour response standard consistently.
- Created Power BI operational dashboards tracking team KPIs, project completion rates, and SLA performance, enabling weekly data-driven leadership reviews.
- Built HubSpot task automation and follow-up workflows that increased project completion rates by 25% within the first quarter.

Sales & Virtual Operations Specialist | Brightpath Business Services | Contract | Remote
October 2025 – February 2026

- Supported 5 SME founders across end-to-end virtual operations; calendar management, client correspondence, travel coordination, and CRM administration.
- Built a Copilot Studio chatbot integrated with the client's Power Pages web portal to handle FAQs and appointment booking, deflecting 35% of inbound support queries.
- Onboarded 60+ SME clients onto Freshsales CRM with structured walkthroughs and automation setup, reducing time-to-adoption by 30%.
- Resolved 35+ stakeholder escalations monthly with an 82% first-contact resolution rate through structured SLA workflows.

CRM & Business Operations Coordinator | Vantage Corporate Solutions | Full Time | Hybrid
December 2021 – March 2023

- Administered HubSpot CRM for a 20-person sales and operations team, building automated pipeline stages and follow-up sequences that improved deal close rates by 18%.
- Automated weekly sales and operations reporting using Power Automate and Excel, saving 6+ hours of manual reporting per week across the team.
- Coordinated executive scheduling, client touchpoints, and travel across multiple time zones, achieving a 95% client satisfaction (CSAT) rating.
- Maintained pipeline accuracy across CRM, ensuring clean data handoffs between sales, operations, and account management teams.

Operations & Process Automation Assistant | 1812 Fast Food and Rose & Bunny | Full Time | Onsite
September 2020 – June 2021

- Automated data entry and operational reporting workflows using Excel macros and scripted processes, reducing manual processing time by 40% and accelerating management decision-making.
- Analysed customer and operational feedback data for senior management, driving process changes that improved service delivery scores by 22%.
- Executed 100% quality inspection audits on customer-facing processes using structured digital checklists, reducing service inconsistencies by 35%.
- Introduced an inventory tracking and fulfillment workflow that reduced order errors by 18%, directly improving customer satisfaction and operational throughput.

Sales Operations & Executive Support Coordinator | ChiBright Interiors | Full Time | Onsite
June 2017 – March 2018

- Managed a 300+ client database at 95% data accuracy, enabling targeted outreach, personalized follow-ups, and reliable sales forecasting for the director.
- Coordinated executive scheduling, client engagements, and sales pipeline activities that collectively drove a 25% revenue increase and 60% repeat business rate within one year.
- Supported marketing campaign coordination that generated a 40% increase in qualified inbound sales enquiries through targeted digital and offline outreach.
- Conducted post-project client reviews and needs assessments on behalf of leadership, identifying referral and cross-sell opportunities that contributed to incremental revenue growth.
- Managed client expectations and escalation handling throughout project delivery, maintaining a complaint escalation rate below 5%.

Virtual Operations & Corporate Relations Specialist | Nikon Luxury Hotels | Full Time | Onsite
February 2015 – March 2017

- Coordinated 50+ corporate client accounts; conference, event, and accommodation bookings with zero major service failures across a 2-year engagement.
- Built customized service packages and automated scheduling systems for B2B clients, driving a 20% year-on-year increase in corporate booking revenue.
- Managed end-to-end logistics and operational delivery for executive events serving 500+ attendees monthly, maintaining consistently high satisfaction ratings.
- Drove post-event follow-up and relationship management processes that converted 35% of one-time corporate clients into recurring long-term accounts.

Business Operations & General Manager | DoubleClick Communication Technologies Ltd | Full Time | Onsite
January 2013 – February 2015

- Automated budgeting, expense management, and operational reporting workflows, contributing to a 30% rise in company profitability and a 15% reduction in operational cost.
- Built and enforced a complaint resolution framework that closed 90% of escalations within 48 hours, significantly improving client retention and satisfaction.
- Developed and coordinated business growth strategy rollouts that expanded the active client base by 20% and strengthened market competitiveness.
- Mentored junior operations and administrative staff on CRM usage, process standards, and client engagement principles, improving overall team output quality.

EDUCATION

Bachelor of Science in Fisheries & Aquatic Resources Management (B.Sc.) | August 2023
Michael Okpara University of Agriculture, Umudike

KEY ACHIEVEMENTS

- Reduced manual operational effort by 40–45% across multiple client engagements through Power Automate workflow automation and CRM integration.
- Built a Copilot Studio AI Chatbot that deflected 35% of inbound support queries, improving team capacity and client response speed.
- Consistently maintained CRM and operational databases at 95–97% accuracy across 10+ years, enabling reliable reporting and decision-making.
- Achieved 95%+ client satisfaction ratings across executive support and operations roles spanning four industries.

- Drove a 25% revenue increase and 60% repeat business rate as Sales Operations Coordinator within a single engagement year.
- Converted 35% of one-time corporate clients into recurring long-term accounts through structured post-sale follow-up and relationship management.
- Onboarded 60+ SME clients onto CRM platforms with automation setup, reducing average time-to-adoption by 30%.

SOFT SKILLS

- Clear, professional written and verbal communication across executive, client, and cross-functional audiences
- Strong prioritization and multitasking across competing operational and administrative demands
- Trusted discretion in handling confidential business information and sensitive executive correspondence
- Adaptability across time zones, industries, tools, and shifting business priorities
- Proactive problem-solving, anticipating operational gaps and resolving issues before escalation
- Reliable execution and consistent follow-through under minimal supervision
- Collaborative team player with a strong coaching and mentorship approach
